

# Wimberley Library Trustee

As a trustee for eight years of the Wimberley Village Library I have been privileged to serve with a dedicated board of directors, library staff and many volunteers and supporters. We have made tremendous accomplishments in expanding our Library facilities, programs, services, education and providing lifelong learning for our growing community. We celebrated our 50th anniversary and are making plans to improve and expand for the next 50 years.

I take pride to be a participant in all of these accomplishments and my years of service as a trustee. This will be final year to serve in this position and I will not be running for a fifth term. My best wishes and gratitude to all - support our Wimberley Village Library!

Patrick Cox, Ph.D.
